

CERTIFICATION GREENGUARD

In its continuing commitment to protecting its customers' health, Kartell obtained Greenguard certification in 2014. When purchasing a Greenguard-certified product, consumers can be certain the product has been inspected, does not pollute and is not dangerous.

Greenguard is used by many certification processes for environmentally-sustainable buildings (LEED; CHPS; ASHRAE; Green Globes; NAHB; IgCC, CONSIP) around the world.

Greenguard certified categories:
All Kartell products that have received GREENGUARD certification are featured on the UL SPOT website.
