## MAT FINISHES

Working on surfaces is one of the characteristics of Kartell. With a matt, silky-smooth finish, historic products and designs, and much more, take shape. From Gastone to Battista, the best-selling trolleys, to the Mobil drawer unit, through to the newcomers to the catalogue: Venice, a tribute to the namesake city, and the Tec version of the Aledin lamp for office use.

**Gastone and Battista** - 30 years old but still unique. Antonio Citterio's genially designed best-selling trolleys are also presented with a new matt and soft touch texture, more attractive and more practical than ever. Available in white, cream, bordeaux and black. Folding, extensible "dumb waiters", ideal for buffets and cocktail parties, or as small occasional tables.

**Mobil** - The winner of the Golden Compass award 1994, Mobil also takes on a new guise, with some new features too. Made of recycled material and available with a matt finish in black and white, and in the new colours, plum, green and blue. A basic element of the system is the drawer, alternated with shelves and tops, connected by an aluminium structure which, in the new version, is coloured, with black wheels, with the exception of the total white variant. This versatile

product shouldn't be restricted to use in the office as it fits perfectly into every room in the home, from the bedroom to the living room and the bathroom too.

**Venice** - The matt version of the chair designed by Philippe Starck in tribute to the city of Venice can be used in new combinations with dining tables or in the living room.

**Aledin** - This led table lamp for office use, designed by Alberto and Francesco Meda, has a technological heart with aluminium rods performing the role of conductors in place of the traditional wire. The transparent variant of the Tec version is now joined by two new variants, in white and black.

**Componibili** - Another of the brand's greatest best-sellers arrives in stores in a matt black and white version, in an additional variant of one Kartell's most famous and instantly recognisable products, featured in homes all over the world for more than 50 years

**Bourgie** - a limited edition of the symbolic lamp by Ferruccio Laviani in matt black, with the brand new matt finish. Available exclusively to the VIP retail network until February 2021.
